

Company Overview

Brekford Corp. (OTCQB:BFDI) is a homeland security technology service provider of fully integrated vehicle installation and rugged technology and video solutions geared towards mission critical operations. For more than a decade we have provided services to branches of the U.S. military, various federal entities and numerous security and public safety agencies throughout the United States. We provide these agencies with an end-to-end suite of mobile communications, information technology, vehicle upfitting services, and automated traffic photo enforcement solutions that are designed to streamline procurement processes and offer maximum functionality to their day to day operations.

Brekford is a one-stop shop for vehicle upfitting, cutting edge technology, video and installation. We provide ruggedized mobile computers, video and communications products, bumper-to-bumper vehicle modification products and services for homeland security, law enforcement, fire and emergency vehicles. The Brekford 360° approach provides our customers with a one-stop upfitting, cutting edge technology and installation service. The 360° approach is the only stop our customers need to make to purchase law enforcement vehicles (GM, Ford, Dodge), have them upfitted with lights, sirens, radio communication and rugged IT technology and then have them "ready to roll". Our 360° engineered bumper-to-bumper vehicle solution, our commitment to top quality fast reliable service, along with our streamlined purchasing process is why we believe Brekford is the best all-around vehicle and automated traffic enforcement solutions provider.
